### CMAC Workspace Fellowship Application

Limited to Doctoral Students. Please indicate the semester you are applying for (select only one):

Spring 2020

Summer 2020

Fall 2020

Workspace Fellowships at the Center for Mind and Culture (CMAC) are granted to doctoral students on a semester basis. Due to the fluctuating and limited number of workspaces, students who have been granted a workspace in the past are not guaranteed a workspace and must reapply prior to the start of each semester. While there is no requirement for hours, fellows who do not regularly use their workspaces may be assigned to a shared workspace or receive a lower priority when reapplying for the next semester.
